Drinking Water Test Kits FOR THE WORLD

safe home[®]

All Rights Reserved.

Safe Home[®] is a registered trademark of EnviroTestKits, a Division of Environmental Protection, Inc.

COMPANY HISTORY

COMPANY & BRAND HISTORY

- Safe Home® water test kits are designed and produced by EnviroTestKits®, a Division of Environmental Laboratories, Inc. ELI is our parent company, located in Madison IN.
- ELI is one of the largest EPA-certified drinking water testing labs in the USA and has been testing water for nearly 4-decades.
- Safe Home is the exclusive brand of water test kits to earn the 'Seal' from the Good Housekeeping Institute. Our kits have also been vetted by Underwriter Laboratories, American Red Cross Laboratories and Merck Laboratories. **Made in the USA!**

WHY SELL SAFE HOME IN-LAB TEST KITS?

Why Sell Safe Home In-Lab Test Kits?

...**because we listen!** With Good Housekeeping as our partner, we have millions of consumers to learn from. Plus, we are fortunate to have thousands of customers just like you, who also provide us with valuable input.

Here's what you asked for...

- **Single-parameter In-Lab test kits:** Safe Home offers our five top-selling, single-parameter In-Lab test kits.
- **Multi-parameter In-Lab test kits:** Safe Home offers the greatest number of different parameters in any multi-parameter, In-Lab test kit, on the market today.
- **Optional In-Lab Return-Shipping Logistics:** Safe Home offers two types of In-Lab test kits, with two return-shipping options (based on your testing needs).
- **Assistance after In-Lab testing:** Safe Home provides extensive online-resources to your customers – a 200-page E-Book about contaminants (where they come from, health risks and more). **We also have programs that lead the end-users of our In-Lab test kits, right back to you for sales of water treatment systems.**

PRODUCT RECOGNITION & BRAND LOYALTY:

Safe Home is one of the most trusted and easily recognized brands for water testing, in the world. Please view the following slide to learn just one of the benefits, when selling Safe Home test kits.

A WINNING PARTNERSHIP THAT DRIVES CONSUMERS

safehome®

DRINKING WATER TEST KITS

UMBRELLA EFFECT: When you sell Safe Home test kits in your stores and use them with your customers, you benefit from the millions of dollars in advertising that is provided by our partners, Good Housekeeping & Hearst Media. (←See Ad Example).

WE DRIVE SHOPPERS...to buy our test kits through Direct Email Campaigns (18M Good Housekeeping subscribers), ROS ads, Social Media ads (like Facebook) and Publication ads. Hearst owns over 30-different publications (**Publication Examples**→).

YOU BENEFIT FROM ALL OF THIS!

The question is...are the water test kits you presently sell, brand-building at this level?

How safe is your family's drinking water?

Testing the quality of your home's water is the only way to know how safe it is to drink.

Detect and Protect* with Do-It-Yourself Drinking Water Test Kits from Safe Home.

- **Our Product & Your Private Label:** You like one (or more) of our test kits but want it under your private label.
- **Your Product & Your Private Label:** You have an idea for a kit. It's different from our kits and you want it under your private label.
- **We Do It All For You:** We can take any test kit from conception through production and deliver it to your door.
- **You Do It All & We Provide the EPA-Certified Laboratory Testing:** You wish to manufacture your own kits but want us to perform the laboratory testing.

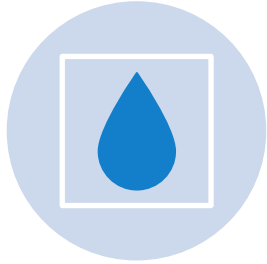

WE HELP YOU DRIVE...
Water Treatment Sales

CONSUMERS SEEKING WATER TREATMENT AFTER TESTING

Safe Home has numerous concepts to help you sell more water treatment systems. Following, is just one example.

48% OF THE PEOPLE WHO TEST THEIR DRINKING WATER, SEEK SOME FORM OF WATER TREATMENT, AFTER TESTING.

CONSIDER PLACING A 10% DISCOUNT COUPON (WITH A DEADLINE DATE) INSIDE EACH SAFE HOME TEST KIT, DIRECTING THE END-USER OF EACH KIT TO COME TO YOU FOR WATER TREATMENT SOLUTIONS, AFTER TESTING.

Water Treatment Referral Program

We sell millions of dollars in water test kits, each year. We refer our test kit customers to our water treatment affiliates, through multiple channels. When you are Safe Home Approved, consumers are 22% more likely to buy your products. Want to learn how we drive consumers of water treatment systems to your stores and dotcom? Select the button marked Referral Program from your original QR-code scan. Page #1 of the sell sheet looks something like this. →

WATER TREATMENT REFERRAL PROGRAM

Sell more water treatment systems by being a Safe Home® Water Treatment Affiliate. Purchase your annual subscription today!

When you become a Safe Home-Approved Water Treatment Affiliate, you'll receive placement on our website's geo-targeting map and alpha-listings of approved water treatment products/services, gain exclusive connections to our in-lab test kit customers seeking water treatment solutions, and enjoy free promotion through Safe Home's advertising of approved water treatment affiliates.

PROVEN PARTNERSHIPS & Success Stories

INDIANA UNIVERSITY

PARTNERSHIPS THAT GUARANTEE QUALITY

- **Merck Pharmaceuticals** (Drinking Water Testing Division) has been one of our product R&D partners for nearly a decade.
- **Indiana University** recently joined our team and will be working with Safe Home to develop new and better products, through their multi-faceted departments: Environmental Sciences, Engineering, Informatics, School of Public Health and Kelley School of Business.
- **Good Housekeeping** and their group of PhD scientists, provide validation to our performance claims by testing our products.

charity: water

PARTNERSHIPS THAT SUPPORT

**“TO THOSE THAT MUCH IS
GIVEN, MUCH IS EXPECTED”**

For each sale of a Safe Home drinking water test kit, we make donations to five different NFP's in support of clean water initiatives around the globe.

amazon.com®

MENARDS®

2020 Environmental Laboratories, Inc. All Rights Reserved.

SUCCESS STORIES

- **Menards:** Safe Home test kits have been in Menards stores for nearly 3-years, with significant six-figure sales annually, and growth YOY of 12%.
- **Home Depot:** Safe Home test kits have the highest Consumer Confidence Rating among all competitive products at THD.com.
- **Amazon:** Safe Home is on pace to sell seven figures of water test kits in 2022 on Amazon.com, with growth of 20X over the past three years.
- **Hearst Media:** Hearst contacted Safe Home as the ONLY family of water test kits that merited co-branding with Good Housekeeping.
- **Global Distribution:** Safe Home test kits have taken off globally and have been sold in more than 20-different countries.
